Bourbon Circuit Court.

The wheels of justice are slowly grinding in the Bourbon Circuit Court. The case of Barton, etc. vs. Barton, occupied the time of the court Saturday and yesterday. On Saturday special Judge C. C. Bagby informed the attorneys that he would be compelled to leave Paris Monday evening as he was due in Chicago to-day, where he is engaged as attorney in important case. This being the situation, and the term having been ordered extended until Thursday week, and Judge Stout not having improved as expected, being still unable to attend, it became necessary for another special Judge to be appointed to finish the extended term. Circuit Clerk Butler certified these facts to Gov. Willson, and Judge Samuel Holmes, of Carlisle was appointed.

Judge Holmes is a prominent attorney and will arrive this morning to take up matters where Judge Bagby left off.

The first case on the docket to be taken up by Judge Holmes is the suit of James McClure vs. James D. McClintock. It is the case where the plaintiff asks \$50,000 damages for libel. The case was set for trial several days ago on motion of Judge Denis Dundon, who represents Mr. McClintock.

The attorneys that represent Mr. McClure are Talbott & Whitley, Hon. E. M. Dickson, Chas. A. McMillan and Col. John R. Allen, of Lexington.

Old Paris Girl Sued for Divorce.

A special in Saturday's dailies from Marion, O., says:

"Rev. Clarence E. Miller, pastor of the Central Christian church, brought action today for divorce from his pretty young wife, who was formerly Miss Margaret Ingles, of Lexington, Ky. He charged extreme cruelty and gross neglect.

"The Rev. Mr. Miller, made every effort to suppress the filing of his petition, declaring that he did not care for himself, but wished to protect his wife from newspaper notoriety. He also said that the publicity might injure his church, which is passing through a financial crisis.

"In his petition the minister states that he was married to the defendant in Lexington, Ky., on October 2, 1906; that she refused to assume the responsibilities of motherhood, and frequently made fun and sport of his sermons, calling them 'rotten.'

Mrs. Margaret Ingles Miller, who is now with her mother, Mrs. Eliza Ingles, at Lexington, gave out the following to a Lexington reporter:

"I left C. E. Miller one year ago on the grounds of cruelty and misconduct, in London, Ky., he threatened to choke me to death and throw me out of the second story window. After he went to Marion, Ohio, in September a year ago I accompanied him there and after a few weeks in Marion he, with his mother and sister, drove me from my home. I came back to Kentucky and since then have refused to make it public on account of the church.

"I have letters proving I did not leave him can produce them if necessary. The final cause of the separation was because I did not wish to live in the house with his family—mother, sister and brother.

"Nearly a year ago he signed a contract promising to send me the pitiful sum of \$5 per week, and within the ten months he has sent the money for two months only. I returned to Marion in February last and asked him if we could not heal the breach, but he refused. I did not abandon him."

Eastern Kentucky Tobacco.

Twenty-seven years ago tobacco for shipment, was first produced in Carter county, and the production has steadily increased until now a large acreage is grown. The Grayson Herald says the production this year is double that of any preceding year, and for the past week the delivery has been quite heavy, as many as sixty wagon loads being delivered in one day to the warehouses in that town. The Herald says this tobacco was grown on land that is worth about \$15 per acre, and that the crop is bringing an average price of 13-15 cents per pound. The average Carter county grower is rapidly increasing his bank account under these conditions.

Death Knell to Bookmaking.

The Court of Appeals upheld the act creating the State Racing commission and sounded the death knell of bookmaking on Kentucky race-tracks. The decision came in the case of the Latonia Association against the State Racing Commission, in which Judge Harkison, of the Kenton Circuit Court, had stayed the hands of the State Racing Commission from interfering with bookmaking on the Latonia race track. The opinion reverses the judgment of the Kenton Circuit Court and directs the petition of the Latonia track be dismissed. The court decided that the pari-mutual system of betting was allowed under the statutes.

Organized Plot to Ruin Cook.

Dillon Wallace, the Labrador explorer who was the organizer of the "Cook recent expedition" a year ago that planned a search for the explorer this summer it he failed to return to civilization, in a statement Saturday declared that the statement of George H. Dunkle, who makes affidavits that Dr. Cook engaged himself and Dr. Loose to prepare "economical records," is part of an organized plot to discredit Dr. Cook.

A special to the dailies from Copenhagen, Saturday says:

"Prof. Elias Stromgren of the chair of astronomy in the University of Copenhagen, who will be president of the committee to investigate Dr. Frederick A. Cook's pole data, came out today in explanation of his skepticism as to the affidavits made by Captain Loos and George H. Dunkle, who say they 'faked' Cook's records for him.

"Today's Politiken says that an unnamed Greenland, known to be Knud Rasmussen, received several letters from the Peary Arctic Club, asking him to denounce Dr. Cook, and the paper hints that a handsome financial reward was held up for this Greenland if he would denounce him."

Choosing a Christmas Present.

When you make a present of a periodical to a friend or a family you are really selecting a companion to influence them for good or ill during a whole year. If the acquaintances of your sons and daughters were to talk to them aloud as some periodicals talk to them silently, how quickly you would forbid the companionship! In the one case as in the other, the best course is to supplant the injurious with something equally attractive and at the same time "worth while." A food can't be wholesome and utterly distasteful. Reading can be made so, too. But The Youth's Companion not only nourishes the mind, but delights it, just like the ideal human associate whom you would choose. The Youth's Companion fills that place no more than half a million homes. Can you not think of another family in which it is not known here it would be joyfully welcomed?

If the \$1.75 for the 1910 volume is sent now, the new subscriber will be entitled to all the remaining issues of 1909; also the Companion's "Venezian" Calendar for 1910; lithographed in thirteen colors and gold.

Killed His Neighbor.

Mistaking him for a night rider, Nicholas Muntz, shot and killed his neighbor, Elva Coy, near Cynthia Friday night.

Muntz fears night riders and when he discovered Coy near his home, thought he was one of them. He called on Coy to halt, but the latter refused to do so, and Muntz shot him dead.

Waterways Congress Adjourns.

With the re-election of Joseph E. Ransdell, a member of the Congress from Louisiana, as president; Capt. J. F. Ellison, of Cincinnati, as secretary-treasurer, and John A. Fox, of Arkansas, as special director, and declaring through its resolutions for a new department for the treatment of waterway improvements, the Rivers and Harbors Congress adjourned at Washington.

Robbed the Daughters.

Defalcations amounting to several thousand dollars from the Daughters of the American Revolution by a clerk employed in the national headquarters of the society at Washington, were made known Friday.

Send Letter of Thanks.

Capt. J. E. Smith, former Sheriff of Hamilton county Tennessee, with several of his deputies, is serving a term in prison at Washington City under order of the United States Supreme Court for failing to protect a negro prisoner from a mob, has written to John C. Breckinridge Camp of Confederate Veterans in Lexington thanking the camp for its resolutions of sympathy which it recently passed.

Capt. Shipp is an ex-confederate soldier and John C. Breckinridge camp, as did many other camps in the South, sent an expression of esteem and sympathy.

Elderly People Helped Free

The last years of life are the sweetest, and yet the most difficult to prolong. It is then that the greatest care is exercised in maintaining bodily health. But the chief care should always be with regard to the food you eat and whether you are digesting it properly. You should not allow yourself to become constipated.

No doubt you have tried salts and cathartic pills, purgative tablets, etc., and have come to the conclusion that they are violent in action and do but temporary good. Listen, then, to the voice of experience with regard to a wonderful and mild laxative, Dr. Caldwell's Syrup Pepsin. It is not new, only we are trying to find new friends for it.

A. A. Felt, of Johnston City, Ill., suffered from stomach trouble for six years and found his cure in Dr. Caldwell's Syrup Pepsin. His wife uses it too with success. We could name hundreds of others. Some heard of it first through neighbors or friends; others through the doctor's order to send any sufferer from a stomach, liver or bowel complaint a free sample bottle for trial, without charge. If you will send your name and address he will send you a trial bottle direct to your home. If it proves itself as he claims then continue the treatment by buying a 50-cent or \$1 bottle of your druggist, as all of them sell it. Old people, like children, should look for purity, and it is well to mention that the purity of this remedy is vouched for with the U. S. government. Also, though a free bottle is sent to prove its merits, results are always guaranteed from the regular bottles bought of druggists, who will refund your money if it does not satisfy you. Send at least for the free test bottle today.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell Bldg., Monticello, Ill.

A Novel Suggestion.

State Superintendent Crabbe makes the startling statement that 400,000 children of school age, more than half the number in the State do not attend school. An exchange suggests that the salary of a teacher should depend on her percentage of attendance from his district. She would then get out and hustle for her salary would depend on it. The suggestion is a new one and is worth thinking about.

Growing Some.

Miss Flora Wilson, the concert singer, who is now touring the middle west, is from Iowa, in the heart of the corn belt. Like her father, the Secretary of Agriculture, she dearly loves a good story. Here is one she tells on her native state:

"A small boy was sent by his parents into the field with a ladder to bring in a roasting ear of corn. The boy on mounting the ladder could not quite reach the ear so he climbed the stalk. Securing the prize, he started to come down, but found that the stalk grew faster than he could slide. Missing him the boy's parents went into the field and laid axes to the corn stalk but it grew so fast they could not hit it twice in the same place. The poor boy did not dare hazard a fall and had to stay up the stalk subsisting upon roasting ears in the meantime. Four bushels of cobs were picked by his hopeful but sorrowing parents before the boy was finally rescued by an amateur aeronaut."

Miss Wilson admits that this may be a slight exaggeration, but asserts that corn grows very rapidly in Iowa.

Kentucky's Tobacco Crop.

A bulletin issued by the United States Department of Agriculture conveys the information that Kentucky is still leading all the States in tobacco growing. Kentucky, says this bulletin, produces more than one-third of the United States' crop and about one-ninth of the entire crop of the world.

Kentucky long has held primacy in the production of tobacco of the grades used for chewing, smoking, snuff and export, says the Courier-Journal. The soil and climatic conditions are especially favorable to growing tobacco.

It has been to Kentucky what cotton has been to the South. It is the main dependence of thousands of farmers, alike in the Burley district, the Black Patch and the Stemming district. The cultivation of tobacco involves hard labor. From the preparation of the ground to the marketing of the product the intervals are few and short when the grower may not occupy himself with his tobacco. Frequently a crop is well under way before the previous crop has been sold. Tobacco requires hard work, but it brings good money and it is a staple product of thousands of Kentucky farms.

The troublous times following the first efforts of growers to organize and pool their crops are still remembered with horror in many localities in the State. Echoes of the night rider lawlessness are still heard from time to time, but they consist for the most part of prosecutions and civil suits in the courts. Ebullitions of violence have not been numerous or formidable in recent months and in most instances they have been promptly suppressed. Internal dissensions exist in some of the growers' organizations, but they are being threshed out by legal processes. Good prices are ruling. The demand for nearly all grades is said to be active and strong.

With a bumper crop to bring into the State more money than ever was realized before the tobacco grower should be reasonably happy and particularly flush and all lines of business should feel the beneficial effects of his prosperity.

McQueen Given Life Sentence.

The jury in the case of Dave McQueen, colored, in the Fayette Circuit Court, charged with the murder of Leon Yandell, after consideration for seventeen hours, Friday morning at 10:30 o'clock returned a verdict finding the defendant guilty and fixing his punishment at confinement in the penitentiary for life.

Leon Yandell, the negro's victim, was superintendent of Camp No. 2, construction gang in the work of building the new interurban railroad from Lexington to Nicholasville. McQueen had been one of the laborers in the gang and had been discharged, but still hung about the camp. On October 9, after a brief altercation over a small sum of money, which McQueen claimed was due him, McQueen shot Mr. Yandell, the latter dying from his wounds a few hours later.

Prosperous Citizens Patronize Home Institution.

Mr. J. A. Wagner, one of Bourbon's self-made men, who by thrift and industry has accumulated a nice sum, bought a farm and erected a handsome home, has made his family an elegant Christmas present in the shape of several loads of fine furniture which left the furniture emporium of J. T. Hinton, in Paris, Friday morning. Everything needed in the way of furniture, carpets, rugs, bric-a-brac, filled three of the Hinton furniture cars that drove to Mr. Wagner's new home to decorate its rooms, brighten its walls and to add cheer to the festivities of the holiday season. Mr. Wagner came to Bourbon a number of years ago accompanied by his brother, Mr. George W. Wagner, who also saved his earnings, erected a new home and furnished it from the varied assortment of goods shown by Mr. Hinton, whose store is unexcelled by any in Central Kentucky, and which is now the advance headquarters of Santa Claus, being stocked on four floors with everything substantial and desirable in the furniture line, including household novelties of every description.

Bourbon County Farm Notes.

Hogs are higher than before the days of civil war and choice fat porkers are bringing eight cents per pound.

All kinds of farm produce are selling well. Dressed chickens are bringing 20 cents per pound, and turkeys from 22 J-2 to 25 cents per pound.

The wife of a tenant on the farm of Mr. Jas. E. Clay sold forty-two head of turkeys few days ago at 16 cents per pound. Bringing him in \$135 for Christmas money.

Eggs are now higher than oranges. Butter is scarce and is selling at from 30 to 40 cents per pound, with sweet milk at 32 cents per gallon.

The corn crop is an excellent one both as to quantity and quality. John Pridemore is shucking a field of fifty acres that is averaging one and a half barrels to the shock. Corn is being delivered to merchants at prices from \$2.75 to \$3 per barrel.

Hemp is rotting nicely and will be ready for the break by January 1. The crop is better than last year's and will add nearly \$300,000 to the bank accounts of Bourbon farmers.

Abnee and Mussion have purchased up to this time nearly two million pounds of tobacco from Bourbon farmers, paying them an aggregate of \$150,000, and will turn over near \$50,000 more before the holidays are over.

MATRIMONIAL.

—Miss Louise Davis and Mr. Charles Olfutt Boardman were united in marriage on Friday evening at the home of Mr. and Mrs. J. B. Snowden, in Covington. The announcement of the marriage of this popular young couple was a great surprise to their many friends. The bride and Mrs. Snowden, who was formerly Miss Elia Kriener, of this city, were intimate friends, the latter having recently married. She was a guest at the Snowden home, where the preparations for the wedding were arranged. The groom left Paris Friday afternoon at 3:30 on Louisville and Nashville, his destination being unknown, until a long distance telephone message later in the evening announced the marriage.

The bride is the pretty and attractive daughter of Mrs. Mary Ireland Davis, and is a niece of Mr. John T. Ireland, of Lexington, and Mr. Frank Ireland, of Texas, and is a great favorite in large circle of friends. The groom is a son of Mr. and Mrs. J. U. Boardman, and is a popular young business man.

The happy couple will spend several days in Cincinnati before returning home.

—Invitations to the wedding of Mrs. Sallie M. Barnett to Mr. Albert Allen have been received by Bourbon relatives. The wedding will take place at the home of Mrs. Barnett, in Lexington, on Wednesday, December 15.

Study of the Constellations.

The annual study of the constellations by the class in astronomy at Bourbon College Thursday night was an enjoyable and interesting event, held in connection with an invitation to former graduates of Daughters' College in Harrodsburg, to be present of whom Mrs. Thompson, the lady principal of the college was among the number. The night was beautiful, clear and cold and afforded a splendid view of the heavens.

Four of the planets shown with unusual splendor and during the hours of observation more than forty constellations were studied, interspersed with lectures by the teacher of the class, Mrs. Anna Belle Goddard.

A delightful luncheon was served at midnight after which the study was resumed until almost the dawn of day in order that a view of the late winter constellations might be observed.

Those present as former graduates of Daughters' College were Mrs. M. G. Thompson, Mrs. Cassius M. Clay, Mrs. Laura Wiggins, Mrs. Sallie Moran Clay, Mrs. V. K. Shipp, Mrs. Brice Steele, Mrs. Fanniebell Sutherland, Mrs. W. L. Yerkes, Miss Etha Vanarsdale and Mrs. Rosa Payne.

Other guests for the delightful event were Miss Virginia Board, Mrs. T. C. Belle, Mrs. E. G. Saulsbery, Mrs. William Remington, Mrs. Gertrude Smoot and Miss Ida Darsie.

Insurance Company Wins.

At Mt. Sterling, Circuit Judge Allie W. Young has rendered a decision giving the Equitable Life Assurance Company judgment for \$18,000 against the estate of C. W. Howe and J. G. Johnson, of Mt. Sterling. It was alleged that fraud was used in getting insurance on the life of Morris Griffin, the defendants being the beneficiaries.

Trade with Winters for fine goods.

John Duley Suicides.

After sending a bullet crashing through his brain, which apparently for a time failed to produce the desired result Mr. John Duley, of Maysville, at one time teller in the State National Bank and former president of the Board of trade of that city, ended his life with his own hand by firing a second shot, which penetrated his heart, in a room in a boarding house at 308 South Broadway, Lexington, Saturday afternoon at 4:15 o'clock.

Mr. Duley's mind had been unbalanced for the last two years and despondency over his mental condition is assigned as the cause of his act.

He has been a mental sufferer more or less for two years and had been in Lexington for the last two weeks under treatment of Dr. E. B. Johns, of 318 South Broadway. He was stopping at a boarding house at 308, South Broadway just two doors north of his attending physician's home and office.

Mr. Duley was left alone for a few minutes Saturday afternoon while his nurse, Mr. G. M. Huckle, went to the postoffice to mail a letter to Mr. Duley's wife. During the nurse's absence Mr. Duley left his room going across the hall into another room occupied by Mr. Meredith Moore, manager of the Farley Transfer Company and Mr. Bob Young, a salesman at Bröwer's furniture store. There procuring a 32 calibre Smith & Wesson revolver from a scabbard which was hanging on the wall, he fired two shots, either of which would have proved fatal.

He leaves a wife, one brother Editor Hiram Duley, of Flemingsburg, and one sister, Mrs. John Lee, of Tilton. He was one of the most prominent citizens of his home town.

READ VEATCH'S AD.

Read the advertisement of J. J. Veatch's residence to be sold on premises to-day. It is the part of Paris where real estate is most active.

Biggest Week of the 1909 Season and the Biggest Average Was Reached Week Ending December 11th.

When the Lexington Tobacco Warehouse sold on Monday over 200,000 pounds at an average of \$14.75 and on Wednesday 263,000 pounds making an average for entire week of \$14.33 with a large percentage of common tobacco on sale.

The "Lexington" was crowded the entire week, but L. M. Land cashier assisted by J. S. Turner and W. H. Reynolds, expert accountants from the Eastern loose markets makes it possible for him to pay each customer within 3 minutes after his tobacco is sold.

Our self registering scales in charge of R. L. Crenshaw and Roger Jones makes a mistake in weighing impossible.

J. N. Gibbons, the best Burley auctioneer on the market, with W. F. Land and D. W. Peed as salesmen t. push your tobacco; and B. E. Allen to see that your every interest is protected.

W. A. Fowler and Will Dale to unload and place your tobacco on the floor in proper condition, makes the Lexington Tobacco Warehouse the best sales floor in Lexington.

Why Not Make the Home a Present?

Does it Need a New Stove or Range?

Why Not Send it a "Bucks."

Nothing more useful than a fine new range. Surely nothing would better please the good housewife than a new range to replace the old and worn one.

The better the gift then, the greater the thanks of the recipient. If you would have the greatest satisfaction in knowing that your gift was giving the best possible satisfaction and service, make your choice a "Bucks."

Your gift will then be giving the recipient better than it's possible for any other stove or range to give, for the best in stoves and ranges bears the "Buck's" trade mark. Doesn't the home need a new stove or range? Then why not make a brand new "Buck's" a Christmas present to the home?

Widow Gets Damages.

In the Franklin Circuit Court Saturday the jury in the Hazlett-Duncan damage case from Shelby county that has been on trial at Frankfort for the past three weeks, brought in a verdict giving Mrs. Hazlett \$5,000 against Walter Duncan, the man who killed her husband, \$1,000 damages against Hubert Kessler and \$1,000 damages against Riley Harrod, the two men who were near Duncan when he shot Hazlett.

All three of the defendants in the case were indicted by the Shelby County grand jury for the murder of Hazlett, but Governor Willson pardoned them before they could be brought to trial.

Don't This Rattle Your Slat.

Several things happened at the last meeting of the Paris City Council that actually astounded the people of this quiet and law abiding city. In one instance it so clearly showed the inconsistency of some people that it cannot be passed without a slight notice. It was the action of the new members of the council elected on the recent "reform" ticket, or the "goody, goody" ticket. It was a spectacle to see, rather nauseating one we must admit, but nevertheless it is of public record, viz: Mr. J. Simms Wilson, a local option leader, deacon in the Christian church, and a Democratic councilman, nominated for City Collector of the city of Paris, Mr. Stamps Moore, a bar keeper, a gambler, a Republican. He was elected by the new councilmen, Wilson, Link, Baldwin, elected as Democrats, and Wilmoth, Republican. Mr. Moore defeated Mr. J. W. Hayden, a prominent elder in the Christian church and a Democrat, and who claims to have had the pledges of the three new Democratic members.

How is that for a starter for the reformers. Consistency thou art a jewel, a peach or, in fact, most any old thing.

There is other things to be mentioned about this ever to be remembered Council meeting, but as one at a time is enough for the public to digest we defer until another time.

We may tell you how the little Republican member put the "blue hook" into his Republican friends, by voting for Democrats instead of Republicans, to whom he was pledged, it will make good reading as we go along.

—Mr. Wm. Howe, of Elizaville, Dr. H. M. Scudder, Mr. and Mrs. Wood Darnell, Miss Bettie Darnell, Carlisle, Mr. and Mrs. David Hood, Mr. and Mrs. Lester Robeson and son, Nepton; Mrs. Lou Scudder, Mr. and Mrs. Richard McCarty, Mr. and Mrs. W. G. McClintock, Paris; Mrs. Soper, Mrs. Ed Hayes and Mr. John McClintock, of Lexington, were among the out-of-town people who attended the funeral of the late venerable G. W. McIntyre here Friday.

—We will sell you books as cheap as anybody and we propose to do it.

SMITH & WADDELL.

—I am agent for Headley's candies, your Christmas is not complete without it. You can get it from one to five pound boxes.

LOUIS VIMONT.

—The sleet which fell Friday night came to most of our people in the nature of a surprise, and many did not know it was on the ground until they collided with the earth. Among those who fell early Saturday morning were Miss Ella Fleming, Messrs. J. G. Smedley, J. H. Warford, S. K. Proctor, M. P. Collier, Joe W. Mock and W. M. Vimont. Mr. Proctor was the only one sustaining any serious injury, the back of his head struck the ground which rendered him unconscious for several hours. He is more comfortable at this writing. He has been afflicted with deafness for several months, by this fall his hearing has been restored. This was heroic treatment which may operate for his good.

—Everything ready for the holiday shopping. Our stock was never more complete. Call early to make your selections and avoid the late shoppers. Get your green stamps with every cash purchase.

CARRINGTON & SMEDLEY.

Rev. G. L. Kerr, pastor of the Associate Reform Presbyterian church, has accepted a call at Hickory, South Carolina and preached his farewell sermon Sunday night. A good audience was present despite the weather. Rev. Kerr has labored with his people here nearly ten years, and is popular with everybody. During his ministry the

old brick temple was sold and a handsome new church built in town. After the old temple was sold and while funds were being raised to build the new church he preached in the public school building. The church has prospered, doing much good, raising considerable money notwithstanding the fact that in his ministry it has met with three financial reverses in the deaths of Mr. J. T. Marshall, Robert Thompson and Harvey Thorn. When the plan was on foot to build the new church, many were skeptical enough to think it could not be done. In the death of Mr. Thorn it was said the last prop had gone, but the untiring efforts of Rev. Kerr made this building possible. He came into our midst from North Carolina just out of school, with an ambition for good that knows no bounds. He went to work with the people in a way that would have discouraged an older and more experienced clergyman. He was not here long before he returned to the sunny South bringing back with him to the old Kentucky home a newly made wife. She has been of great advantage to him in his work. About three years ago their already happy home was made happier still by the arrival of a little daughter. It is with regret that we see these good people go from among us, and know that wherever they go the community will be made better by having them in it.

—The young ladies of the Millersburg Female College gave a bazaar Saturday afternoon and evening to purchase books for the library and chapel. Many useful and handsome articles were on display in the library and parlor. A lunch consisting of oysters and sandwiches was served in the dining room. The lower floor of the building was decorated in Christmas greens. Quite a nice little sum was realized.

Night Riders Burn Barn.

Word reached Cynthiana Wednesday morning that night riders burned the barn of Ed Judy at Beaver Baptist church, Harrison county, with 5,000 pounds of tobacco and cut all telephone wires in that section of the county.

Several shots were fired. Judy was an independent grower and had recently sold his crop to a local buyer at thirteen cents but had not delivered. Sheriff Eugene Gragg returned Wednesday night from the scene of the night rider outrage and confirms the story of the crime. The tobacco had been stripped and sold and was half of Mr. Judy's crop.

A Thrilling Rescue.

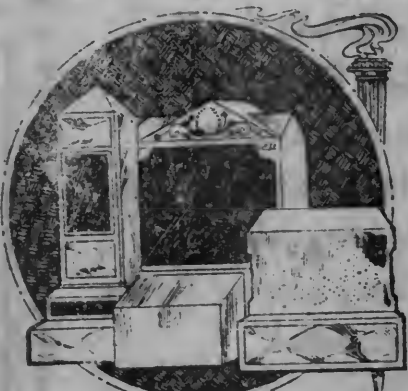

How Bert R. Lean, of Cheny, Wash., was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For lung trouble, bronchitis, coughs and colds, asthma, croup and whooping coughs its supreme. 50 cents and \$1.00 trial bottle free. Guaranteed by Oberdorfer.

New Contempt Bill.

A bill evidently designed to cover cases of contempt of court similar to that of President Gompers and his associates of the American Federation of Labor and greatly restricting the power of the courts in such cases, was introduced in the House Friday by representative, Thomas, of Kentucky.

THEATRICAL.

CHAUNCEY OLCOTT.

—Augustus Pitou offers as an attraction at the Lexington Opera House, Tuesday and Wednesday, and Wednesday matinee, December 14 and 15 Chauncey Olcott in his successful play, "Ragged Robin," a romance of Ireland in the early part of the last century. The play has been wonderfully successful throughout the country and is credited with being one of the daintiest and most beautiful vehicles that Manager Pitou has ever provided for his star. It is a tale of a wandering minstrel, the son of a titled land owner, who has been driven from him by the false accusation of a crime. He meets the fair Margaret Grattan and a spell is cast over the two through a draught of water from an enchanted well. Margaret is being forced into a hateful marriage and the prospective bridegroom, viewing with jealous eyes the working of the spell, has Robin driven out into the world again. Three years pass and Robin returns, a wealthy and titled man, through the death of his father with whom he has been reconciled. He finds his rival, Martin, dead, and the Grattans starving. Assisted by the fairies he crosses the moorland in the dead of night and the dawn finds the lovers united. Manager Pitou has given "Ragged Robin" a splendid production in the way of costumes and scenic effects and there is an excellent cast. Mr. Olcott has a group of new and catchy songs and there is some beautiful incidental music composed by Frederick Knight Logan. The play is from the pen of Rida Johnson Young in collaboration with Rita Olcott.

Warning to Banks.

A special from Washington City says: "Nearly 900 banks of the United States have been warned by the Comptroller of the Currency that they are violating the law and are liable to forfeit their charters, and that their directors may be held to individual responsibility. They are charged with having made loans in excess of 10 per cent of their capital, which is the legal limit. According to several reports made public Saturday over one-half of the national banks in 1908 violated the law in this respect."

STOCK, CROP AND FARM NOTES.

—The highest price received for hogs at Louisville for thirty years, was recorded last week when fifty-eight head sold at \$8.35 per hundred weight. The hogs averaged 260 pounds each. The highest price that had been recorded previous to this was \$5.25.

—No more green stuff from the fields now, so see to it that your sheep now and then have a bite of turnips or a nibble of small potatoes. Watch them and see how greedily they will eat these.

—"Taft," a bronze turkey gobbler, weighing fifty-five pounds, was awarded the grand prize at the Missouri State Poultry Show at St. Louis Monday. The bird had 150 competitors from twenty-three States and Canada. "Taft" is owned by S. C. Havens, of Shelbyville, Indiana.

—In Chicago on December 1, a prime steer reached the highest price ever paid on the open market in Chicago. This fact was disclosed when nineteen steers, averaging 1,572 pounds, went over the scale at \$9.56 per hundred eight and ten yearlings, weighing 1,081 pounds, also sold at the same price. Single head sold at ten cents per pound.

Signed With Nashville.

Fred Tony, who last season was a phenomenal pitcher on the staff of the Winchester club, has signed with the Nashville team for the coming season. With Tony and Burden gone the staff of Winchester pitchers will be materially weakened unless good substitutes for them are found.

Could Not Be Better.

No one has ever made a salve, ointment, lotion or balm to compare with Bucklen's Arnica Salve. Its the one perfect healer of cuts, corns, burns, bruises, sores, scalds, boils, ulcers, eczema, salt rheum. For sore eyes, cold sores, chapped hands its supreme. Unfailing for piles. Only 25 cents at Oberdorfer's.

Former Kentuckian Missing.

The friends of Walter Rankin, recently of Winchester, are much alarmed over his sudden disappearance. He was an electrician and went to Cleveland, O., where he accepted employment with a street lighting company. November 16 he disappeared and nothing has been heard of him since. His clothing and money remain uncalled for and the police and detectives have found no clue. His uncle, Yancey Merritt, left Winchester last week to assist in the search.

Women Who are Envied.

Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, liver and kidneys, purify the blood, give strong nerves, bright eyes, pure breath, smooth velvety skin, lovely complexion. Many charming women owe their health and beauty to them, 50 cents at Oberdorfer's.

Want to Raise \$250,000.

A campaign will be begun with the beginning of the New Year to add a quarter of a million dollars to the endowment funds of Transylvania University and the College of Bible. J. W. Hardy, of Nashville, Tenn., and W. I. Donaldson, of that city, both widely known in the Christian brotherhood, will present these respective institutions as financial secretaries and will have charge of the campaign for the additional \$250,000 desired. Both the University and the Bible college showed deficits in their reports at the end of the last academic year. Sufficient money is to be added to the endowment funds of each not only to prevent this annual deficit, but to permit an increase in the salaries of the professors and to make some much needed improvements in the buildings.

City Attorney's Firm Fined.

City Attorney Wallace Muir in the Police Court at Lexington, Friday, admitted that Hughes & Co., a firm of caterers of which he is a member, had failed to pay the license for conducting a dancing hall, and the was fined \$25 and costs.

Hog Fattens on Nails.

The old reliable Danville Advocate gives us the following to think about: "Mr. H. C. Mullins, the popular secretary of the Perryville Fair Association, was a pleasant caller at the Advocate office yesterday afternoon. He told of a remarkable case of a hog living with 257 nails in its stomach, in Mercer county. Mr. Thomas Horn one of the most prominent farmers in Mercer county, killed hogs the first of the week. At the same time Mr. Horn killed three hogs for his sister, Mrs. William Green. The hogs had been fed in a pen built around a spot upon which a blacksmith shop stood for many years. In the stomach of one of the hogs Mr. Horn, who is one of most reliable men in Mercer county, stated that he took out and counted 257 nails and 28 tags and small bolts. The hog weighed 275 pounds and apparently did as well as the other hogs in the pen. The porker had evidently been eating the nails and bolts for several months, as much of the iron had imbedded itself in the flesh and had become a part of the hog, as it were without any bad results."

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps.

Predicts World-Wide War.

The Rev. George W. Paynter, who for thirty-two years has been a missionary in China, Friday predicted that the Western world will soon have on its hands desperate war with the Asiatic races with the Chinese at the head. This prediction was made in an address at Kentucky State University Lexington, at the chapel hour Friday morning.
